The United Nations Global Compact is a United Nations initiative to encourage businesses worldwide to adopt sustainable and socially responsible policies, and to report on their implementation. The UN Global Compact is a principle-based framework for businesses, stating ten principles in the areas of human rights, labour, the environment and anticorruption. These principles are derived from the Universal Declaration of Human Rights, the International Labour Organisation's Declaration of Fundamental Principles and Rights at Work, the Rio Declaration on Environment and Development, and the UN Convention Against Corruption. Camida is a supporter of these 10 principles and encourages its industry partners to do likewise:

By incorporating the Ten Principles of the UN Global Compact into strategies, policies and procedures and establishing a culture of integrity, Camida upholds its basic responsibilities to people and planet.
