To Whom it Concerns

Camida ESG Commitment Statement

In Camida, we recognise our responsibility to the environmental, social and governance issues within the industries in which we operate. We are aware of our responsibility to minimise our carbon footprint as well as upholding the highest standards of corporate governance and promoting social equity. We intend to improve our performance in these areas using EcoVadis to demonstrate our accountability and measure our progress as we improve.

We are committed to improving our EcoVadis rating, decarbonisation and indeed all matters related to ESG. We are striving to make a positive impact which is the driving force behind our commitment to ESG.

We have now established an internal working party to progress with our ESG company goals. As previously advised this working party will be led by Lisa Marie Spillane (Lisamarie.spillane@camida.com).

To support this, we are pleased to announce that we are partnering with Pragmatica whose expertise will support us in our ESG journey.

Our current timeline is available upon request.

Regards

David Anchell

Managing Director

Camida Ltd.
