

Diversity and Inclusion Policy

Camida is committed to a workplace environment that promotes diversity and inclusion and creates an open and inclusive culture where everyone feels valued.

Camida believes that embracing equality and diversity in the workplace benefits not just the organisation but also individual employees, divisions and its customers and suppliers. All its employees bring their own background, work style, distinct capabilities, experience and characteristics to their work. Camida recognises that its talented and diverse workforce reflects the diversity of its customers, suppliers and markets and wants to utilise the widest range of skills, knowledge and experience in its business while complying with legislation.

Camida recognises that a “one-size-fits-all” approach to managing people does not achieve fairness and equality of opportunity for everyone. As well as treating people with dignity and respect, Camida strives to create a supportive environment in which all employees can flourish and reach their full potential, regardless of differences, experience or education. Harnessing the wide range of perspectives this diversity brings, promotes innovation and helps make us more creative and competitive.

Camida is committed to an inclusive working environment which respects diversity of characteristics including but not limited to sexual orientation, age, gender, race, ethnicity, disability, civil status, personality, thinking style and religious beliefs. Camida will formulate and implement policies and practices that value diversity, provide equality of opportunity and ensure that no job applicant, employee, customer or business associate receives less favourable treatment. Camida will also ensure that other policies and practices reflect its commitment to treating people fairly, promoting an integrated way of working and respecting the dignity of employees at all times.

This overall policy is supported by appropriate harassment and bullying policies, and disciplinary and grievance procedures. Employees who believe they have suffered discrimination, harassment or victimisation are entitled to raise matters through the appropriate Camida policies. A copy of these policies/procedures can be obtained by contacting HR or alternatively logging into the Employee Portal. Complaints will be treated seriously and will be dealt with in a confidential, expeditious manner in as far as reasonably practicable. Employees who make complaints will not be victimised for doing so. Victimisation, if proven, may result in disciplinary action which could result in a sanction of up to and including dismissal. Employees should be aware that making a false allegation deliberately and in bad faith will be treated as misconduct and dealt with under Camida disciplinary procedure. Pursuance of complaints through these internal procedures does not prejudice an employee in pursuing matters through other available means.
